

OTC Laboratory Product Testing Services

Certified Laboratories is an industry leader in Over-the-Counter (OTC) testing throughout the product lifecycle. We confirm active and inactive raw material; in-process; and finished goods specifications of identity, purity, strength, and quality using validated and verified testing methods and equipment. Regardless of your dosage form or packaging form, Certified Laboratories is your laboratory expert for OTC product testing needs. In addition, we are an Amazon-approved TIC (testing, inspection, and certification organization) for ophthalmic and skin-brightening products.

Chemistry Testing

- OTC-Specific Monograph
- Raw Materials, In-process, and Finished OTC Products
- Active Ingredients
- Excipients
